Netra Kumbh 2025 Prayagraj

On the auspicious occasion of the upcoming Maha Kumbh, the grand festival of Sanatan Dharma, we are proud to announce the **Netra Kumbh-2025**, to be held in the sacred city of Prayagraj. Located at the confluence of the holy rivers Ganga, Yamuna, and Saraswati, Prayagraj has been a spiritual center and the abode of sages and saints. Recognized by UNESCO as an intangible cultural heritage of humanity, the Kumbh Mela is a profound pilgrimage and a symbol of unity, bringing together people from all walks of life in an unparalleled display of religious and social harmony. This sacred gathering is more than a festival as it is a direct experience of humanity's sensitivity and a symbol of self-realization.

In keeping with the wisdom of "सर्वेन्द्रियाणां नयनं प्रधानम्" (Among all the senses, the eyes are supreme), Netra Kumbh was conceived to address the critical need for eye care across India. The **Netra Kumbh** campaign, guided by the motto "पश्येम शरदः शतम्" (May we see this divine creation for a hundred years), is an initiative aimed at eradicating blindness and providing comprehensive eye care services.

India is home to nearly 5 crore people with various disabilities, of which over 1.25 crore are visually impaired. Many suffer from preventable blindness due to a lack of awareness and inadequate medical facilities. Furthermore, corneal blindness remains a significant issue, with thousands of individuals in need of corneal transplants. With greater public awareness about eye donation, India has the potential not only to eliminate corneal blindness within its borders but also to support neighboring countries. However, awareness in this area remains limited.

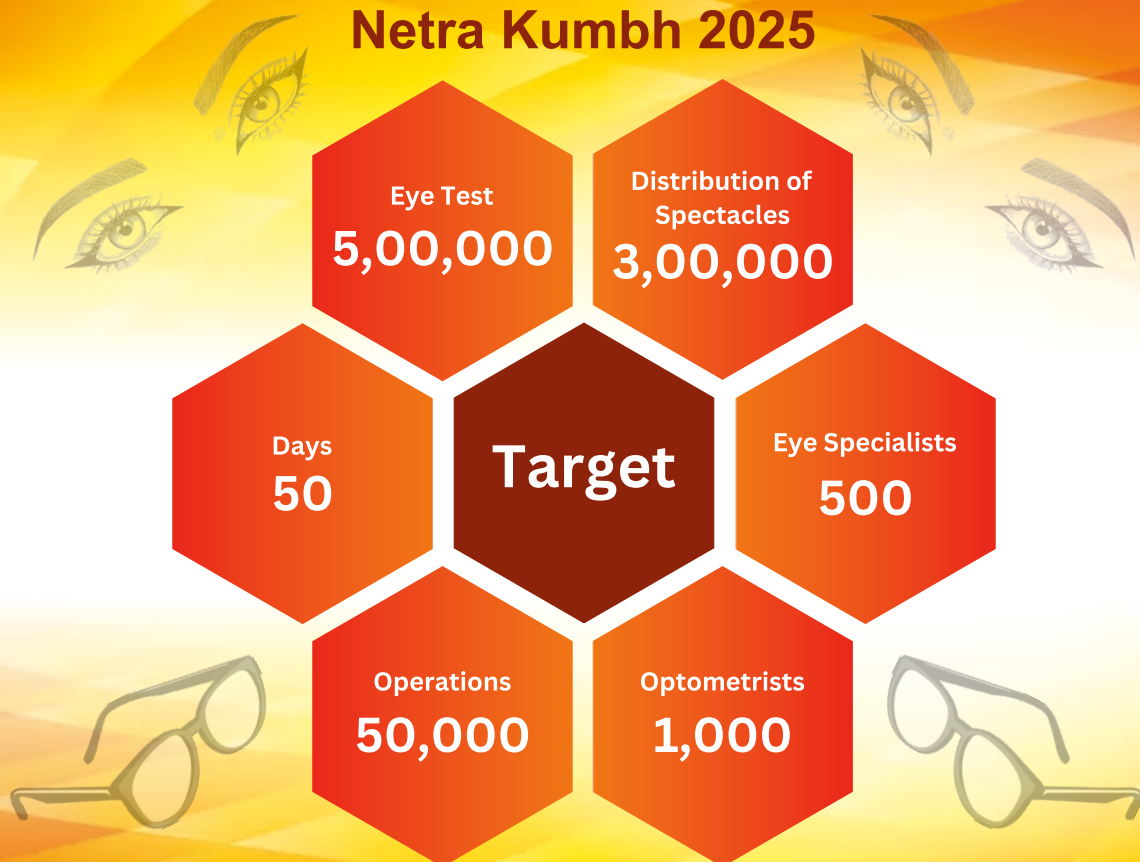

In this sacred setting of **Maha Kumbh 2025**, we are organizing an exceptional event that goes beyond the spiritual Netra Kumbh-2025 Which will provide free eye check-ups, distribution of medicines and spectacles, and eye surgeries. This initiative, aimed at improving public health, is made possible with the collaboration of leading service-oriented organizations such as Saksham, The Hans Foundation, Swami Vivekananda Health Mission, Shri Bhaurao Deoras Trust, Shri Rajju Bhaiya Seva Trust, National Medicos Organization, and Seva Bharti.

The journey of Netra Kumbh began in 2019, when more than 2 lakh devotees had their eyes examined, 155,000 spectacles were distributed, and over 23,000 people received free surgeries. In 2021, despite the challenges posed by the pandemic, 48,000 devotees had their eyes examined, and 38,000 spectacles were provided at the Kumbh in Haridwar. Now, in 2025, we return with our third event, building on the success of the previous editions.

A key highlight of this year's Netra Kumbh is that more than 50,000 individuals will receive free eye surgeries at their permanent residence or the nearest eye hospital, ensuring that access to quality eye care extends beyond the Kumbh itself.

We invite all to join us in this noble mission to restore sight and spread awareness about eye care, as we take another step towards creating a corneal blindness-free India.

Netra Kumbh 2025
