I take this opportunity to congratulate SAKSHAM that joined hands with India Association-UK Bobby's Walk Full Circle (BWFC) to spread awareness about its "Corneal Blindness Free Bharat Movement" for 2015-18 across India and globally. It is wonderful to know how organizations from across the world such as SAKSHAM, British Asian Trust (BAT), Great Ormond Street Children Hospital, Air India, Barclays, Sunrise Radio etc. have aligned themselves for a worthy cause.

Awareness is the first step to address the immense challenge that we face not only in India but across the world. I am glad that SAKSHAM's initiatives to spread awareness regarding eye donation, building up essential infrastructures like eye banks/eye collection centers across the country, motivating doctors to do Corneal transplantation, identification of persons with corneal blindness and linking them to doctors and eye banks is a strategy worthy of emulation across the developing world to address the issue of Corneal blindness which can be treated by cornea transplantation i.e. eye donation.

While extending you my best wishes for your good work, I am confident that the international development community would learn from the experiences of SAKSHAM, in order to develop a comprehensive strategy to meet the needs of the specially-abled and to empower them to contribute towards a better and just world we seek.

Yours Sincerely,

# SAKSHAM Eight National Conference and General Body Meeting, Vivekanada Kendra, Kanyakumari: 27, 28, 29th November 2015

**Kanyakumari:** is a sacred place at the southern tip of the Bharat, where Devi Bhagavathi took incarnation to kill Banasura, who was gifted with the boon from Lord Brahma, to be killed by virgin only. Meanwhile Devi Bhagavati did penance by standing on one leg (Shripadashila) to marry Lord Shiva, at Suchindram in the name of Sthanumalayan. To save mankind from Banasura, saint Narada planned to foil the marriage. Devi remained as virgin and killed Banasura, giving message to society that, the cause of society deserves a priority to personal interest.

On the same Shripadashila in the midst of sea, Swami Vivekananda did meditation on 24-26th December 1892, to build strong Bharat, before he went to Chicago.

The statue of saint Thiruvalluvar, who gave us Thirukkural, a code of conduct to mankind to follow all the times, is situated on the rock adjacent to Shripadashila.

On the occasion of Vivekananda centenary in 1963, Vivekananda Rock Memorial was built on Shripadashila under the guidance of Sri Eknathji Ranade, Sarkaryvah, RSS.
